purposes.

Lindahl was asked to sit on an executive committee on a rural electric Veteran's initiative, which is part of a joint effort of NRECA and the DOE. The committee will meet one to two hours each month beginning mid-July through the end of the year, to develop resources for rural electric cooperatives to hire and employ veterans that possess needed skills in our industry. Most of the meetings will be held electronically so Lindahl will not need to travel.

Other:

Lindahl received word that Joe Pandy, former General Manager at Mountain Parks Electric and chairman of the Tri-State Managers Committee, retired this week. Since Lindahl is the vice-chair of the Tri-State Managers Committee, he was asked to assume the duties of chair for the remainder of the year.
