Determination of Billing Demand and On Peak Period Energy

The energy demand shall be the maximum kilowatt (kW) demand established by the customer for any fifteen (15) consecutive minute period during the month for which the bill is rendered, as indicated or recorded by the District's metering equipment during the peak period. The peak period is Monday through Saturday, 12:00 noon to 10:00 PM Mountain Time, excluding the following holidays: Memorial Day, Independence Day, and Labor Day.

The Retail Demand shall be based on the maximum kilowatt (kW) demand established any time by the customer for any fifteen (15) consecutive minute period recorded during current season or the previous year's April - September, as indicated or recorded by the District's metering equipment.

-------------------------------------	--	---------------------------

Minimum Monthly Charge

The minimum monthly charge shall be the following, as determined by the District:

- The monthly minimum billing amount as specified by contract between the District and the customer. If the original term of the contract has expired, then
- The applicable basic charges plus the Retail Demand Charge, as listed in this rate.

Rate Requirements

A service must be assigned to this rate no later than five full business days prior to the last day of the month and remain on the rate for on calendar year.

Production Cost Adjustments

In the event that adjustments are made to the District's wholesale cost of power, charges or credits shall be made to this rate accordingly. Such charges or credits shall be billed separately as "Production Cost Adjustments." If changes are made to the wholesale supplier's power rate for the District, the District reserves the right to change this rate to reflect the wholesale supplier changes.
