

NOTICE

Notice is hereby given that Wheat Belt Public Power District is accepting proposals for engineering services to perform a post-storm damage assessment. This assessment shall identify NESC safety violations or concerns and identify structural damage to the electrical plant as a result of the April 6th and 7th snow/windstorm.

A copy of the request for proposal may be picked up at the Wheat Belt Public Power District office located at 11306 Rd. 32, Sidney, NE 69162. Proposals are to be received by May 22nd at 4:00 p.m.
