Attachments to District poles without first obtaining a contract, or joint use agreement with the District, or unless specific written approval from Wheat Belt is received, is not allowed. This is a safety requirement of the District to protect our linemen and the public.

Wheat Belt PPD may allow fences to be attached to its poles, but to a height of no more than four feet above ground level. Fence posts may not be set closer than eight feet to the power pole. This is necessary to prevent a post from becoming a safety hazard, should a lineman fall from the pole.
