Qualifying Service

All services classified as United States Air Force facilities.

Rates

Basic Charge: \$77.50 per month

Retail Demand Charge: \$3.58 per kW, per month

Energy Demand Charge: \$14.35 per kW, per month

Energy Charge: (per kWh) \$0.0528

Determination of Billing Demand

The billing energy demand shall be the maximum kilowatt (kW) demand established by the customer for any fifteen (15) consecutive minute period during the month for which the bill is rendered, as indicated or recorded by the District's metering equipment.

The Retail Demand shall be based on the maximum kilowatt (kW) demand established by the customer for any fifteen (15) consecutive minute period recorded during the current month or previous eleven (11) months, as indicated or recorded by the District's metering equipment.

Power Factor Charge

A power factor charge will be assessed to compensate for average power factor lower than ninety percent (90%) lagging. The power factor charge will be calculated by increasing the demand charge by one percent (1%) for each one percent (1%) by which the average power factor is less than ninety percent (90%) lagging.

Minimum Monthly Charge

The minimum monthly charge shall be the highest of the following, as determined by the District:

- The monthly minimum billing amount as specified by contract between the District and the customer, or
- The Basic Charge plus the Retail Demand Charge, as listed in this rate.

Cost Adjustments

The Government agrees that, if any time after April 1, 1987, that adjustments are made to the District's wholesale cost of power, charges or credits shall be made to this rate accordingly. Such charges or credits shall be billed separately as "Production Cost Adjustments." If changes are made to the wholesale supplier's power rate for the District, the District reserves the right to change this rate to reflect the wholesale supplier changes. Any changes or adjustments shall be accompanied by written evidence of changes to the wholesale cost of power and shall be made effective with the monthly billing for the Government.

In the event that restoration costs exceed thresholds to meet financial requirements, charges or credits shall be made to this rate accordingly. Such charges or credits shall be billed separately as "Storm Recovery Adder." The District reserves the right to change this rate to reflect restoration cost recovery. Any changes or adjustments shall be accompanied by written notice to the Government

In Lieu of Tax Charge

If the service is within the corporate limits of an incorporated town or village, the customer will be charged an additional five percent (5%) of the customer's monthly charge plus or minus any fuel and cost adjustment, since the District is required to remit this amount to the county in which the service is located.
